

SP-50HA 50 Quart Mixer

Standard Feature

- Powerful 2 HP custom built motor
- Three fixed speeds
- High torque transmission
- Heat-treated hardened steel alloy gears and shafts
- Permanently lubricated transmission
- Thermal overload protection
- Rigid cast iron body
- Stainless steel bowl guard with built in ingredient chute
- NSF approved enamel gray paint (optional)
- Front mounted controls
- 15 minute timer
- Industry standard #12 attachment hub
- Safety interlocked bowl guard and bowl lift
- Non-slip rubber feet
- 6 foot cord and ground plug (single phase only)

Standard Accessories

- 50 quart stainless steel bowl
- Flat beater (aluminum)
- Stainless steel wire whip
- Spiral dough hook (aluminum)

SPECIFICATION

Motor :

2 HP (1500W), grease packed ball bearing, air-cooled, 230V/50Hz/IPh, 220V/380V/3Ph

Controls :

Spar Mixer controls are front-mounted to give easy access in cramped kitchen environments. The following controls are standard on all Spar Mixers: separate start and emergency stop buttons so operators can shut down the mixer immediately in an emergency situation, a 15-minute timer which shuts off the machine after set time has elapsed, and thermal overload protection

Cord and Plug :

Both single phase and three phase are hard wired

Transmission :

Heat-treated, hardened alloy, precision milled gears operate with planetary action. Gears are packed in a long-lasting, high pressure grease. Planetary gears are driven by an oversized cog-wheel, which is in turn driven by a cogged belt powered by the motor drive shaft. Cogged belt is a long-lasting, rugged fibre/rubber composite. This unique design yields high-torque mixing power while avoiding the high cost encountered repairing direct-drive transmission components.

Speed :

Speed	Agitator rpm	Hub rpm's
Low Speed	99	41
Intermediate Speed	176	73
High Speed	320	113

Bowls and Agitators :

Standard equipment includes a 50Qt. (50L) high quality stainless steel bowl, dough hook, flat beater, and whip. A sturdy hand lever on the body column raises and lowers the bowl as well as locking in place at the top and bottom positions.

Attachments :

- Vegetable Slicer for #12 hub
- Meat grinder for #12 hub
- 20 quart adapter kit

Shipping Information :

N.W. 270kgs
G.W. 310kgs

Finish :

Top (transmission cover) :
metallic bronze epoxy enamel
Bottom : metallic gray epoxy enamel

Carton Size :

Depth x Width x Height
75cm x 65cm x 131 cm

Cartons are affixed to an undersized skid (pallet), the weight and dimensions of this skid are not included above and may vary from shipment to shipment.

UNIT: CM
