

Model Code : UC303

Forming Unit Conveyor

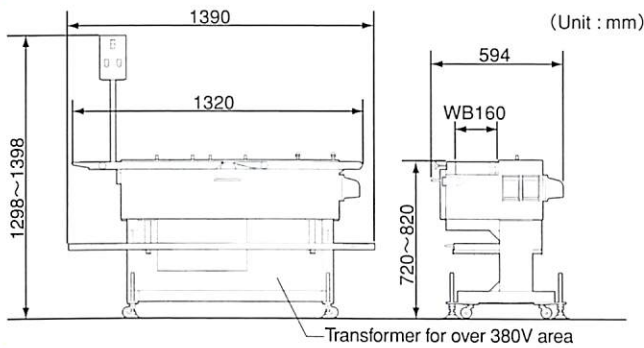

The Washable body helps sanitary production environment.

- This conveyor does secondary shaping with optional devices. With a combination of the options, it performs a variety of secondary shaping of products made on Rheon Encrusting Machines.
- Up to 3 optional devices are selectable.
- At the use of Vertical Cross Cutter, separation of sliced pieces are made by the speed difference between the belts No.1 and No.2.
- Conveyor belts, plates, and rollers are easily removable for cleaning. Besides, the washable body creates a sanitary production environment.

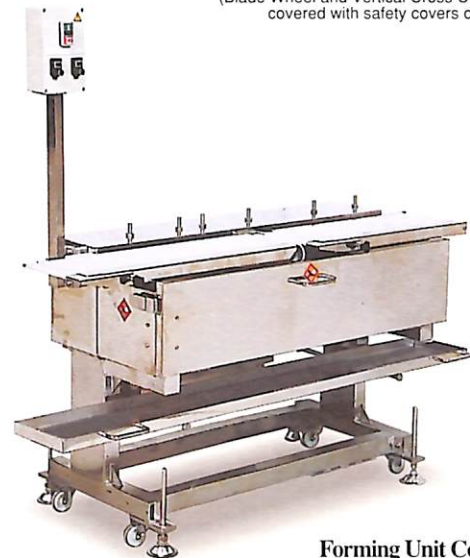

▲ Example of shaping options
(Blade Wheel and Vertical Cross Cutter are covered with safety covers on operation)

Dimensions

Specifications

Model Code	UC303
Total Length	1390 mm
Total Width	594 mm
Total Height	1298~1398 mm
Belt Speed	1 ~ 17 m/min. (Common for No.1 & No.2 belt)
Electrical Capacity	0.2kW

Forming Unit Conveyor
